Para 6 of the above Guidelines prescribes that

- (1) ***"Only SPF brood stock cleared through the quarantine should be used in the hatchery for seed production.***
- (2) ***Use of pond-reared brood stock is strictly prohibited.***
- (3) ***Hatcheries involved in *L. vannamei* seed production should not use any other species within the hatchery premises."***

Sub para (1) of para 7 of the above guidelines prescribes that

- (1) ***"Nauplii shall be sold only to the hatcheries/NRHs permitted by the Authority to rear the seed of SPF *L. vannamei* with due biosecurity protocols. Hatcheries rearing nauplii to the PL stage for sale should maintain record of the number of nauplii received and the PL produced and sold and submit the same to the Authority on a regular basis, failing which the hatcheries shall be derecognised to receive nauplii in future."***

In this regard, the operators of the Hatchery/NRHs are requested to take note of the above guidelines issued by Govt. of India and adhere strictly to it and also requested to maintain appropriate records on the following

- (1) **Tank wise details of brood stock including date of arrival, Nos., feeding details, etc.,**
- (2) **Sales/purchase of nauplii as the case may be with the date, quantity and name of the hatchery/NRH from which or to which the nauplii sold/purchased and the final seed (PL) production details.**

Further, it is informed that as provided vide para 9 of the said Guidelines Coastal Aquaculture Authority authorized personnel will make surprise visit to check the status of the brood stock, the production and sale of seed from the Hatcheries/NRHs. This advisory shall be considered as the intimation of visit under Section 12 of CAA Act, 2005.

Operators of all Hatcheries/NRHs shall take note that any violation of the above guidelines is liable for punitive action in accordance with the provisions of CAA Act, 2005, its Rules and Regulations including derecognition of the hatcheries/NRHs and invoking of their Bank Guarantee.
